Slavic Chorale was established in 2010 as a non-profit organization. The choir consists of volunteer singers from the Slavic community of the greater Sacramento region. We believe in the transformative power of music. It is therefore our goal that each person who will attend our concerts or other performances will leave a better person, that the audience will hear compositions that inspire and uplift them. We wish to glorify God through music and through service to people in our community.

Sing with us at our next concert!

Slavic Chorale is looking to add a few more singers for our "A New World" concert in the spring of 2015.
